1. KEY INFORMATION

1.1. Background

Shane Crooks, Mark Shaw and Emma Sayers were appointed as JSAs of the LLP on 6 April 2023 by the Special Administration Order following an application by the FCA.

On 14 October 2024, Mark Shaw was replaced as JSA by Kirsty McMahon.

The affairs, business and property of the LLP are being managed by the JSAs, who act as agents of the LLP and without personal liability.

Under the provisions of paragraph 100(2) of Schedule B1 to the Act (as applied by Regulation 15 of the Regulations), the JSAs carry out their functions jointly and severally (meaning any action can be done by one or more of the JSAs).

Nothing in this Report is intended to waive any form of legal privilege held by the LLP or the JSAs.

1.2. Purpose of the Report

This is the fifth six-month progress report in relation to the Special Administration, for the period from 6 April 2025 to 5 October 2025.

The main purpose of the Report is to provide Clients and Creditors with an update on the progress of the Special Administration during the Period, including progress made by the JSAs in pursuing the Objectives of the Special Administration.

This introductory section seeks to provide a summary of the key matters that have been progressed during the Period, and which are outlined in further detail in the subsequent sections of the Report.

We would encourage the reader to review this Report in conjunction with all other reports and updates regarding the Special Administration. These are available on the brportal.bdo.co.uk portal or through the JSAs' website www.bdo.co.uk/en-gb/insights/advisory/business-restructuring/wealthtek-administration.

1.3. Summary of actions taken in the Period

As previously reported, on 4 April 2023 the FCA imposed requirements on the LLP immediately to cease all regulated activities for which it had Part 4A FSMA permissions. The LLP has therefore not undertaken any regulated activity in the Period, except to the extent permitted by the FCA in order to effect distributions to Clients of Client Assets.

A key focus for the JSAs during the Period has been the implementation of the Distribution Plan and the return of Client Assets and FSCS compensation. In this regard, Client Assets pertaining to 904 Clients have now been returned, representing c97% of those Clients who have claims to Client Assets exceeding £1,000.

During the Period, the JSAs have:

- Continued to safeguard the LLP's hard copy and electronic books and records;
- Managed the redundancy process for the three remaining WealthTek employees;
- Undertaken routine reconciliations of Custody Assets held;
- Undertaken daily reconciliations of pre-Special Administration Client Money and Postappointment Client Money;
- Continued to deal with Client queries via email and telephone;

- Issued Clients with Transfer/Distribution Instruction Notices and updated Client Assets
 Confirmation Statements, via either their individual Client portals or in hard copy, setting out
 the proposed Transfer/Distribution Instruction Dates in respect of their Custody Assets and
 Client Money;
- Returned a further £12.5m of Custody Assets and £0.5m of Client Money to 149 Clients, bringing the total to £92.91m of Custody Assets and £1.98m of Client Money to 904 Clients;
- Monitored the settlement of transferring Client Assets held with both CACEIS and unit trust managers;
- Realised 141 lines of Surplus Assets, representing approximately 1.5m shares, generating proceeds totalling £2.7m;
- Issued Clients with Sweep Payment notices, via either their individual Client portals or in hard copy, setting out the amounts received and the proposed payment date;
- Issued Sweep Payments totalling £893,537 to 608 Clients;
- Issued updates to Clients and Creditors on key matters arising in the course of the Special Administration:
- Continued to liaise with, and provide information requested by, the FSCS to allow it to determine Client eligibility for compensation;
- Drawn down FSCS compensation under the Compensation Deed for eligible Clients, and paid compensation to those Clients as soon as reasonably possible;
- Engaged with the Nominated Broker and more than 20 other alternative brokers in relation to the transfer and distribution of Client Assets pursuant to the Distribution Plan;
- Issued instructions to the LLP's custodian, CACEIS, in relation to the transfer of Client Assets, and continued engagement with CACEIS in relation to ongoing custody and transfer matters;
- Monitored the settlement of transferring Client Assets held with both CACEIS and unit trust managers;
- Where appropriate, corresponding with Clients and issuing Clients with stock transfer forms to sign in order to perfect the formal transfer of the certificated shares to the LLP, dealing with the stamp duty tax arising on the transfer of the share certificates and engaging with share registrars;
- Liaised with HMRC in respect of the irregularities identified in connection with the LLP's historic management of certain ISA accounts;
- Liaised with the FCA regarding the Voluntary Payment received from Barclays (further details of which can be found later in this report);
- Liaised with Clients regarding the Voluntary Payment and making payments to eligible Clients;
- Liaised with the FCA and FSCS as required; and
- Issued all required statutory notifications and reports in accordance with the Regulations and the Rules.

Further details of the work undertaken by the JSAs during the Period are provided in section 2.

1.4. Return of Client Assets

1.4.1. Transfer/distribution of Client Assets

At the time of preparing this Report the JSAs have processed the return of Client Assets for 904 Clients.

Transfer/Distribution Instruction Dates will continue to be provided to Clients on a rolling basis, once all conditions necessary for the return of their Client Assets under the Distribution Plan have been met.

The JSAs' records indicate that 17 Clients, with a Client Asset balance of £1,000 or more, have neither engaged with the Nominated Broker nor provided alternative instructions for the return of their assets. The JSAs encourage all Clients to engage in this process as soon as possible.

1.5. **Return to Creditors**

The table below summarises the anticipated outcome for Creditors (as opposed to Clients), based on the information currently available. Please note that this may be subject to change.

Class of creditor	Current estimate	Previous estimate
Secured creditors	N/A	N/A
Preferential creditors	Nil	Nil
Secondary preferential creditors	Nil	Nil
Unsecured creditors ¹	Nil	Nil

^{1.} As at the date of appointment, the LLP had no outstanding floating charge security. Therefore, the Prescribed Part will not apply in the Special Administration.

1.6. What Clients and Creditors need to do

The purpose of the Report is to provide Clients and Creditors with an update only. Clients and Creditors do not need to take any further action at this time.

As noted above, however, those Clients who have yet to engage with the Nominated Broker or provide alternative instructions for the return of their Client Assets should do so at their earliest convenience in order to ensure the return of their Client Assets as soon as possible.

1.7. Clients' and Creditors' rights

An overview of the rights of Clients and Creditors is attached at Appendix B.

If there are any matters relating to the affairs of the LLP and/or its Designated Members that you consider merit investigation, you should provide details to the JSAs using the contact details below (to the extent you have not already done so).

2. PROGRESS IN THE PERIOD

2.1. Overview

During the Period, the JSAs have continued to pursue their strategy to achieve the three statutory Objectives of the Special Administration under the Regulations. A significant amount of time has continued to be spent engaging with brokers to prepare for and implement the transfer/distribution of Client Assets, preparing and issuing the associated notices to Clients including updated Client Assets Confirmation Statements, and in preparing and issuing Sweep Payments notices and processing the payments. The JSAs have also spent time processing the Voluntary Payment to eligible Clients and dealing with ongoing Client enquiries.

2.2. Objective One - Return of Client Assets

2.2.1. Securing all known Custody Assets and Client Money

The JSAs have continued to secure and routinely reconcile the known Custody Assets and Client Money.

The overall Client Assets shortfall stands at £80.8m.

Further details of the Client Assets are set out below.

2.2.2. Custody Assets held at CACEIS and Barclays

The JSAs continue to liaise with the LLP's custodian, CACEIS, which held Custody Assets valued at c.£96.5m as at 4 April 2023 (the date of the JIMs' appointment, which preceded the JSAs' appointment by a short period). CACEIS continue to hold the remaining Custody Assets (i.e. those that have not already been returned to Clients), together with income and assets resulting from corporate actions since the JSAs' appointment (to the extent they have not already been transferred to Clients).

The JSAs' team has access to the CACEIS electronic portal, which allows access to the corporate actions processed by CACEIS. This allows the JSAs' team to undertake regular reconciliations of Custody Assets and Client Money (including Post-appointment Client Money).

Post-appointment Client Money comprises dividends, coupon payments and similar rights accruing on Custody Assets since the date of the JSAs' appointment, which have continued to be received by both CACEIS and Barclays during the Period. These receipts are separately accounted for in accordance with CASS 7A and do not form part of the CMP.

As previously reported, the JSAs have established a system for recording and reconciling receipts of Post-appointment Client Money. To date, the JSAs have recorded approximately 5,900 cash events across seven currencies; the total receipts of Post-appointment Client Money on a currency basis are provided below:

Currency	Value (Transaction currency)	Value (£)
CAD	22,206.87	12,477.17
EUR	5,445,768.85	4,554,079.99
USD	1,772,904.13	1,352,690.75
HKD	9,881.93	970.70
GBP	18,957,624.53	18,957,624.53
AUD	16,516.24	8,564.74
NZD	0.48	0.23
GBP ¹	554.11	554.11
Total		24,886,962.22

The funds relating to Post-appointment Client Money receipts have been, and will continue to be, distributed alongside, and consistent with, the distribution of the Custody Assets to which the relevant receipts relate. The funds are, as such, Client-specific in a similar way to Custody Assets.

As previously reported, the LLP cannot undertake regulated activity and is therefore not in a position to make any elections on optional corporate actions in relation to Custody Assets, such as rights issues. The JSAs continue to record and reconcile any adjustments resulting from mandatory corporate actions, such as dividends and stock splits. To date, the JSAs have recorded approximately 185 stock events including mergers, rights issues, stock splits and spin offs.

2.2.3. Unit trusts

At the time of the appointment of the JSAs, the Platform indicated that the value of Custody Assets which were held in unit trusts was £58.4m. The value (as at 6 April 2023) of the confirmed unit trust holdings identified by the JSAs is £41.6m, however, this includes £1.7m of Surplus Assets i.e. assets to which Clients have no claim according to the Platform. Therefore, the confirmed unit trust holdings to which Clients do have a claim is £39.9m, representing a shortfall of £18.5m.

The investments in the unit trusts are held in the name of WT Nominees. WT Nominees is a separate legal entity to the LLP, of which the LLP is the sole shareholder. As previously reported, shortly after the JSAs' appointment, steps were taken to pass a shareholder resolution removing the previous directors (Mr Dance and Ms O'Sullivan) and appointing an independent director in their place. To help facilitate the return of assets under the Distribution Plan, WT Nominees was subsequently placed into Creditors' Voluntary Liquidation with Kirsty McMahon and Shane Crooks (two of the current JSAs) being appointed as joint liquidators on 4 September 2024 ('Joint Liquidators').

During the Period, the unit trust positions have continued to be reconciled on a regular basis (albeit certain of the unit trust managers provide statements only infrequently). The reconciliation includes corporate actions that have taken place since the date of the appointment of the JSAs. The Post-appointment Client Money relating to these corporate actions has been, and will continue to be distributed alongside, and consistent with, the distribution of the Custody Assets to which the relevant receipts relate. These Post-appointment Client Money receipts are included in the table at 2.2.2 above.

Following WT Nominees being placed into Creditors' Voluntary Liquidation, the unit trust managers reviewed and accepted an updated Authorised Signatory List and assessed the Anti-Money Laundering ('AML') status of all accounts to ensure compliance. Subsequently, transfers and redemptions of unit trust Client Assets could be instructed.

¹ This Post-appointment Client Money receipt is held separately in the JSAs' RBS account.

Notwithstanding the above, as previously reported additional work has been required to resolve outstanding issues raised by the unit trust managers, which has continued in the Period, to ensure that unit trust transfers could be undertaken. This included updating the bank details held on record and providing further documentation relating to the Joint Liquidators' appointment.

In some cases, the unit trust managers noted specific signing requirements outside of the accepted Authorised Signatory List which resulted in additional work to ensure that the requirements were met.

2.2.4. ISA accounts

As previously reported, the JSAs have sought a determination from HMRC regarding the status of certain ISA accounts managed by the LLP prior to June 2021. The JSAs understand that the information provided to HMRC is currently under review. As soon as HMRC has reached its determination, Clients will be updated accordingly.

In the meantime, the JSAs have facilitated the transfer of a number of the affected ISA accounts to both the Nominated Broker and other alternative brokers who have agreed to accept the transfer pending HMRC's determination.

2.2.5. Custody Assets shortfall

The updated shortfall in respect of the Custody Assets is set out in the table below:

Description	Note	Value £*
Total valuation of Custody Assets on the Platform as at 6 April 2023	1	216,476,986
Custody Assets confirmed to be held by custodians as at 6 April 2023	2	138,651,450
Custody Assets held by the LLP in certificated form as at 6 April 2023	3	425,566
Surplus assets confirmed to be held by custodians as at 6 April 2023	4	(2,739,314)
Custody Assets recorded on Platform but not actually held by LLP on behalf of Clients	5	9,558,651
Current Custody Asset shortfall	6	70,580,633

Notes:

- 1. This is the JSAs' estimated valuation of Custody Assets indicated as being held by the LLP as at 6 April 2023. This figure was derived by taking the units held in each individual security by all Clients and applying the mid-price recorded on Bloomberg on 6 April 2023. There is a small proportion of Custody Assets which did not have a price available. The JSAs have used alternative methods to value these at this time, which inevitably involves a degree of judgement. There are minor differences between the values shown on the Platform as at 6 April 2023 and the values extracted from Bloomberg.
- 2. This is the confirmed Custody Assets held with custodians valued as at 6 April 2023. The balance comprises assets held at CACEIS totalling £96,548,470, unit trusts totalling £41,578,735 and assets held by other Custodians totalling £524,245.
- 3. This is the value of certificated shares in the name of Clients held by the LLP.
- 4. The reconciliation has identified assets valued at c. £2.7m which are confirmed as being held with custodians, but the Platform records do not indicate that any Clients have a claim to these assets.

- 5. As previously reported, the JSAs are aware of one asset with a recorded value of c. £8.5m, which had been included in a Client's portfolio. The JSAs' investigations have identified, however, that the LLP never held the asset on behalf of the Client, and it does not therefore form part of the Custody Assets. Additionally, the JSAs have become aware of seven Clients that hold in their possession certificated shares with a value of c. £1m. These were previously understood to have been held in the name of the LLP and therefore had been included in the shortfall figure. The effect of these adjustments is to reduce the Custody Asset shortfall.
- 6. The JSAs have made extensive enquiries and do not at this stage anticipate identifying any additional Custody Assets that will materially affect the Custody Assets shortfall.

2.2.6. Client Money

As previously advised, the appointment of the JSAs triggered a primary pooling event ('PPE') under CASS 7A, whereby all Client Money held at that time, in various currencies, was pooled to form the CMP. The Client Money paid to the LLP by CACEIS and Barclays totalled £2,669,957.

To date, the JSAs have also realised 141 lines of Surplus Assets, relating to approximately 1.5m shares. This has generated sale proceeds of £2.69m. Under the terms of the Distribution Plan, these realisations form part of the CMP available for distribution to Clients with a Client Money Entitlement.

The table below sets out the Client Money shortfall (before costs) following the realisation of the Surplus Assets:

As at 6 April 2023:	Value £
Client Money positions on the Platform	12,876,348
Client Money held with known custodians upon PPE	2,669,957
Original Client Money shortfall	(10,206,390)
Surplus asset realisations	2,689,746 ¹
Current Client Money Shortfall	(7,516,644)

¹ The Surplus Asset realisations were made in various currencies. This figure represents the exchange rates in operation when drafting this report.

As detailed in the Client Assets Statements sent to Clients, Client Money is treated differently to Custody Assets in that it is distributed under CASS 7A, rather than under the terms of the Distribution Plan. The JSAs nonetheless have distributed Client Money in parallel with the return of Custody Assets.

Given the Client Money shortfall, each Client will receive a rateable distribution of Client Money held by the LLP based on their Client Money Entitlement (and not their overall losses), and will have an unsecured claim against the LLP in the amount of the shortfall.

The JSAs have, to date, paid an initial, first distribution in respect of Client Money of 19p in the £. This sum has been included as part of the funds included in transfers/distributions to the Nominated Broker or alternative brokers, or it has been paid directly to Clients where they have requested a liquidation of their Client Assets.

In the Period, 12 Clients that only held Client Money (and not also Custody Assets) have also received distributions of Client Money in amounts equal to their respective Client Money Entitlements.

Following the realisation of the Surplus Assets detailed above, and the further realisations to be made in relation to the physical share certificates (as detailed below), further Client Money distributions will be paid to Clients with a Client Money Entitlement. Whilst the exact quantum

and timing of the distributions has yet to be determined, the JSAs anticipate that a second distribution will be paid later this year.

2.2.7. Physical share certificates

As previously advised, the LLP held approximately 1,715 physical share certificates, relating to shares predominantly held in UK listed companies. The LLP obtained the share certificates from Clients (in whose name the shares are held), on the understanding that the relevant shares would be dematerialised and sold, with the underlying Client being credited with Client Money in an amount equal to the value of the shares. However, whilst a significant proportion of the Clients appear to have received an increased Client Money Entitlement, the process of dematerialising and realising the certificated shares was not in fact undertaken by the LLP.

The JSAs sought legal advice regarding the correct treatment and ownership of these certificated shares, and have applied the principles obtained from the legal advice when dealing with this matter in the Client Assets Reconciliation and preparation of the Distribution Plan. In accordance with the Distribution Plan, realisations from these shares will be added to the CMP, for distribution to Clients with a Client Money Entitlement.

Where it has been appropriate to do so, physical share certificates have been returned to Clients as the Distribution Plan has been implemented.

Similarly, where appropriate, Clients have been asked to sign a stock transfer form to perfect the formal transfer of the certificated shares to the LLP. Where stock transfer forms have been signed and returned to the JSAs, the JSAs have forwarded these to the share registrars. To date, share certificates for approximately 145,000 shares have been sent to the registrars, and a number of new share certificates have been received in the name of the LLP (and the JSAs anticipate being able to sell the underlying shares in due course). The JSAs will continue to engage with affected Clients to resolve the outstanding issues.

To date, the JSAs have also taken receipt from Clients of ad-hoc dividends and sale proceeds relating to certificated shares totalling £84,429.

2.2.8. Client Assets Statements

There remains a disagreement in respect of only one Client's claim, which the JSAs' team continue to attempt to resolve (albeit the dispute has not impacted the return of Client Assets to other Clients).

A number of Clients have yet to submit Client Assets Claim forms, but these Clients have very small (or nil) account balances, so limited further engagement is expected from these Clients.

2.2.9. Client Assets Confirmation Statements

As previously reported, the JSAs issued Clients with their Client Assets Confirmation Statements on 12 September 2024. The Client Assets Confirmation Statements set out the agreed claims in respect of both Custody Assets and Client Money.

Members of the JSAs' team have been available to explain the contents of the Client Assets Confirmation Statements and deal with related Client queries. The Client queries in this regard have been received and dealt with in writing, via email and telephone, as appropriate.

2.2.10. Transfer/Distribution of Client Assets

In the Period, a further 149 Clients have had their Client Assets returned, across 165 accounts, totalling £12.5m in Custody Assets and £0.5m in Client Money (together with, where applicable, FSCS compensation).

In total, 904 Clients have had their assets returned, across 995 accounts, totalling £92.91m in Custody Assets and £1.98m in Client Money (together with, where applicable, FSCS compensation).

In addition, Post-appointment Client Money as detailed below has also been transferred/distributed to Clients:

Currency	In the Period	Total
AUD	-	4,076
CAD	-	13,034
EUR	6,016	288,811
GBP	3,929,263	15,129,920
USD	3,800	1,538,629

Client Assets have been returned either through a transfer to the Nominated Broker, a distribution to an alternative broker of the Client's choice, or through the liquidation of Custody Assets, as further detailed in the sections below.

The JSAs will continue to work towards returning the remaining Client Assets under their control. Whilst there are a number of reasons why Clients have not yet received a return of their Client Assets, this will usually be because: (i) they have not yet onboarded with their proposed broker and/or transfer arrangements are still being finalised with the brokers concerned; (ii) they are affected by the potential issue associated with certain ISA accounts (as described above); (iii) they have not yet provided sufficient information to have their FSCS eligibility confirmed; and/or (iv) they are affected by the issue regarding the transfer of certain certificated holdings as referenced above.

2.2.11. Nominated Broker process

In the Period, a further 35 Clients have transferred their assets to GHCCM, as the Nominated Broker. 111 Clients in total have now transferred to GHCCM.

A significant number of Clients have elected to opt-out of a transfer to the Nominated Broker, in order to either: (i) transfer their Client Assets to an alternative broker (invariably where Clients are represented by certain Intermediaries); or (ii) liquidate their Custody Assets.

In order to conduct the transfer of relevant Clients to the Nominated Broker, it has been necessary for the JSAs to:

- Prepare updated valuations for all transferring Clients;
- Liaise with GHCCM in relation to the onboarding status of Clients and arranging for tranches of Clients to be transferred as available;
- Issue notices to Clients confirming their Proposed Transfer Instruction Dates;
- Coordinate trade and settlement dates with GHCCM and manage the practical elements of the transfer, including issuing the transfer instructions to the LLP's custodian and the various unit trust managers; and
- Arrange payment of the Client Money balances to GHCCM as part of the Client Transfers.

2.2.12. Alternative Brokers

During the Period, a further 73 Clients have transferred to different alternative brokers. To date, 793 Clients have transferred to 26 different alternative brokers, or have opted to liquidate their Custody Assets.

As part of this process, with each of the alternative brokers, it has been necessary for the JSAs to:

- Prepare updated valuations for Client accounts;
- Liaise with the transfer teams at the various alternative brokers to coordinate the transfers, agree the data required to facilitate the same and agree trade and settlement dates;

- Issue the necessary notices to Clients confirming their Proposed Distribution Instruction Dates, including updated Client Assets Confirmation Statements, in accordance with the Distribution Plan;
- Input the necessary instructions for the transfer through the LLP's custodian, and issuing the necessary transfer instruction forms to the relevant unit trust managers;
- Arrange payment of Client Money to each Client's receiving broker; and
- Monitor the settlement of the transfers and resolve any related issues or complications that arise.

2.2.13. Liquidations

During the period, a further 44 Clients have issued instructions to liquidate their Custody Assets. The JSAs are awaiting instructions from three of these Clients to confirm where payment of the proceeds should be made. The remaining 41 Clients have received their sale proceeds, together with their Client Money and Post-appointment Client Money.

The JSAs also arranged for the liquidation of fractional entitlements during the Period.

As part of this process, it has been necessary for the JSAs to:

- Prepare updated valuations for Client accounts ahead of liquidation;
- Issue the sale instructions through the LLP's custodian, and issue the necessary redemption instruction forms to the relevant unit trust managers (approximately 400 sale / redemption instructions);
- Monitor the settlement of the sales and resolve any related issues or complications that arose;
- Complete a reconciliation of the sale proceeds for each Client and prepare a liquidation schedule setting out the details of the sale for each line of stock held (approximately 9,600 lines at Client level that needed to be reconciled and detailed on the liquidation schedules provided to Clients);
- Issue the necessary notices to Clients confirming their Proposed Distribution Instruction Dates, including updated Client Assets Confirmation Statements and a liquidation schedule detailing the sale proceeds, in accordance with the Distribution Plan;
- Engage with alternative brokers, where Clients had requested that their liquidation proceeds be paid to a broker, rather than to them personally, to confirm payment details;
- Validate bank information received/held with Clients ahead of payment; and
- Arrange payment of the liquidation proceeds and Client Money to each Client, either directly
 or to their proposed alternative broker (approximately £9.8 million of liquidation proceeds
 have been distributed).

2.2.14. Tax issues

Whilst the JSAs are unable to provide tax advice to Clients, they are aware that the failure of WealthTek, and the distribution of Client Assets and payment of FSCS compensation and the Voluntary Payment, is likely to cause a number of issues and uncertainties for Clients.

Clients should consider seeking independent tax advice in respect of their own individual financial position.

2.2.15. SIPPs

The JSAs continue to liaise with a number of SIPP providers in relation to the accounts of the underlying Clients, in order to arrange appropriate mechanisms for the transfer of Client Assets held within SIPP wrappers.

During the period, 5 further SIPP accounts have been returned to Clients, either by a transfer to the Nominated Broker or an alternative broker of their choice. To date, 144 SIPP accounts have been returned.

2.2.16. Further potential recoveries for the benefit of Clients

The JSAs are continuing to liaise with the FCA which, as previously reported, is conducting a regulatory and criminal investigation into the LLP and Mr Dance (including potential regulatory breaches relating to Client Money and Custody Assets).

The Restraint Order over Mr Dance's assets, obtained by the FCA, remains in place. This preserves the assets and ensures that they remain available for a possible future confiscation order, which can only be made following a criminal conviction.

In December 2024, the FCA announced that Mr Dance had been charged with nine offences relating to alleged fraud and money laundering between 2014 and 2023. On 24 February 2025, at a hearing at Southwark Crown Court, Mr Dance pleaded not guilty to three counts of fraud by abuse of position and three counts of fraud by false representation, and has subsequently pleaded not guilty to the remaining three charges. Mr Dance's trial is scheduled to begin in September 2027.

The FCA's civil case against Mr Dance (which had already been stayed as far as the LLP is concerned), has been stayed until the conclusion of the criminal proceedings, due to the overlapping nature of the respective proceedings.

The JSAs understand that any recoveries made by the FCA in any proceedings resulting from its investigations will be for the benefit of those who have been adversely affected and/or suffered a loss as a result of contravention of the relevant regulatory requirements i.e. the Clients (and, if applicable, the Creditors) of the LLP.

2.2.17. Recoveries Proceeds

On 16 July 2025, the JSAs informed Clients that, pursuant to a settlement between Barclays and the FCA (details of which can be found **here**), they would be receiving a voluntary payment of £6,281,757 from Barclays. The Voluntary Payment was received on 23 July 2025.

The Voluntary Payment has been treated as Recoveries Proceeds under the Distribution Plan, to be distributed on a pari passu basis between all Clients with a Post-Distribution Shortfall.

The JSAs issued letters to Clients who were entitled to receive a distribution in respect of the Voluntary Payment on 29 July 2025, advising that payments would be made via cheque during the week commencing 18 August 2025. Clients were also provided with the opportunity to opt out of a cheque payment and receive the payment via bank transfer instead. The JSAs have since paid out £4.07m of the Voluntary Payment proceeds to Clients, with further payments expected to be made in due course.

2.2.18. Liaising with the FSCS

As previously reported, FSCS compensation is available for eligible Clients. This compensates Clients in respect of the costs of returning Client Assets and the losses arising from the Client Assets shortfalls, up to the maximum available cover of £85,000 per Client.

The JSAs continue to work closely with the FSCS in respect of the small number of remaining Clients whose eligibility has yet to be determined. There are 11 Clients whose eligibility has yet to be confirmed, and approximately 327 Clients that have either opted out of FSCS coverage or have accounts with negligible or nil balances.

To date, the JSAs have made five drawdown requests for funds from the FSCS under the terms of the Compensation Deed totalling £32,549,044.52. This amount represents the Client compensation (£20,477,584.07) and Costs Contributions (£12,071,460.45) advanced by the FSCS on behalf of the 946 Clients that have, to date, been determined as eligible.

Of the £20,477,584.07 received by way of Client compensation, the sum of £19,721,409.82 has been paid by the JSAs to Clients. The balance will either be paid: (i) directly to the Clients on receipt of the necessary Client information to enable payment to be made; or (ii) to the Client's

chosen broker as part of the Client's transfer/distribution (where the Client has instructed the JSAs that they do not want to be paid their compensation directly).

There are several cheques that have been issued to Clients which were not banked in the sixmonth period before their expiry. If you have an expired cheque, please contact the JSAs at your earliest convenience.

2.2.19. Communications with Clients and Intermediaries

The JSAs have continued to utilise a number of methods for communicating with Clients in relation to the 1,404 current Client accounts identified. These include:

- Websites: posting regular updates on their dedicated website (www.bdo.co.uk/en-gb/wealthtek-administration).
- Post: the JSAs have continued to issue relevant documents to those Clients who prefer to receive paper documents rather than the electronic updates. This has included the Client Assets Confirmation Statements and Client Assets Return Method Forms.
- Email: dedicated email addresses for Clients (WealthTekClients@bdo.co.uk) and Trade Creditors (WealthTek@bdo.co.uk) were created to enable Clients and Creditors to contact the JSAs. These email addresses are monitored by the JSAs daily (on business days).
- The Portal: a dedicated online portal for all Clients and Creditors of the LLP was set up (www.brportal.bdo.co.uk) to host documentation relating to the Special Administration. This includes the initial notice to Clients and Creditors, the Proposals and the six-monthly progress reports, together with important updates in relation to the implementation of the Distribution Plan.
- Helplines: the JSAs set up a dedicated helpline to take calls from Clients and Creditors
 wishing to speak to the JSAs' team. As previously reported, a separate helpline has been set
 up and details provided to those Clients that have experienced significant losses as a result of
 the LLP's failure.
- Intermediaries: approximately 43% of the LLP's underlying Clients were introduced to the LLP through Intermediaries. The Intermediaries have remained the main point of contact for a number of those Clients during the Period.

2.3. Objective Two - Engagement with market infrastructure bodies and the Authorities

2.3.1. Financial Conduct Authority

The JSAs have continued to maintain frequent contact with the FCA during the Period and will continue to do so in relation to the implementation of the Distribution Plan, regulatory compliance and statutory reporting requirements, and the overall strategy of the Special Administration.

2.3.2. Financial Services Compensation Scheme

As noted, the JSAs have maintained regular contact with the FSCS, and have been working closely with the FSCS in order to confirm eligibility for the remaining Clients and to facilitate the payment of compensation.

2.4. Objective Three - rescue the Investment Bank as a going concern or wind it up in the interests of its creditors

As previously reported, due to the Client Assets shortfall, the imposition by the FCA of requirements that prevent the LLP from carrying out regulated activity, the subsequent cessation of trade and the circumstances surrounding the JSAs' appointment, the JSAs did not consider it possible to rescue the LLP as a going concern. The JSAs have instead focussed on winding-up the LLP's affairs in the best interests of its Creditors.

During the Period, the JSAs have continued to liaise with Trade Creditors, responding to queries and providing guidance on the statutory process for making claims.

Other matters

In addition to the above matters, we have dealt with all statutory matters required by legislation and administrative work incidental to our duties as JSAs in this Special Administration.

3. FINANCIAL POSITION

3.1. Receipts and Payments

The summaries of receipts and payments in relation to Objective One and the Estate are attached at Appendix C and detail the receipts and payments from the date of the JSAs' appointment to 5 October 2025.

Whilst the summaries of receipts and payments are largely self-explanatory, we comment further on certain items below.

3.1.1. Estate Receipts

During the Period, there were no Estate Assets realisations, other than interest earned on the cash balance held.

3.1.2. Estate Payments

During the Period, the only Estate payments related to data protection fee charges.

3.1.3. Objective One Receipts

During the Period, the only receipt was bank interest earned on the cash balance held.

3.1.4. Objective One Payments

Net wages totalling £170,859 have been paid in the Period, along with the associated PAYE/NIC and Pension scheme contributions, of £154,239 and £2,370, respectively.

Fees in relation to software licences and the provision of the IT platform totalling £4,460.10 and £1,424.50 respectively (plus VAT) have been paid in the Period. These fees relate to essential software used by the retained employees and services linked to the Platform (supplied by Contemi Solutions (London) Limited), which has been maintained by the JSAs to assist with the Client Assets Reconciliation and return of Client Assets.

Stamp Duty and insurance in the amount of £3,718 and £3,791 has been paid in relation to realisations on share certificates.

Further information in relation to payments made is detailed in Appendix E.

3.1.5. Segregated Trust Account

In the Period, the JSAs received funds from the FSCS totalling £2,348,813. Of this sum, £205,116 relates to Client shortfall compensation payments, with the balance of £2,143,696 relating to Clients' Costs Contributions.

The total amount received from the FSCS is now £32,549,044; of this sum, £20,477,584.07 has been paid to the FSCS Shortfall Payments Account (in order to pay shortfall compensation due to Clients) and £9,270,306 paid to an account maintained by the JSAs for the purpose of settling Objective One costs.

The JSAs continue to hold the balance of £2,896,493 (which includes certain accrued bank interest) in respect of the payment on account of the Costs Contribution Reserve to meet future Objective One costs.

3.1.6. FSCS Shortfall Payments Account

The JSAs hold a balance of £840,117, representing FSCS shortfall compensation due to Clients who have yet to: (i) have their Client Assets transferred to their broker of choice; or (ii) provide sufficient information to enable the JSAs to release the payment.

If you have received your compensation by cheque and it has not been banked, you have six months from the date on the cheque to bank it. If it is not banked within this time, it will become invalid.

3.1.7. Client Money Receipts

During the Period, the amount of £33,343 has been received in relation to dividends received on physical share certificates, with a further £8,133 of bank interest being received. The JSAs also realised proceeds from the sale of Surplus Assets totalling £2.7m. Of this sum, £182,517 has been received into the JSAs' Client Money bank account. The balance remains with CACEIS and Barclays and will be transferred to the JSAs' account in due course.

3.1.8. Client Money Payments

During the Period, the JSAs have paid c£535k to Clients, representing a return in relation to their Client Money Entitlements.

3.1.9. Post-appointment Client Money and payment of Liquidation Proceeds

During the Period, the JSAs have paid the following sums to Clients in relation to post-appointment Client Money. This includes liquidation proceeds where Clients have opted to liquidate their assets.

Currency	In the Period	Total
AUD	-	20,471
CAD	-	13,034
EUR	6,016	304,476
GBP	5,982,889	23,048,421
USD	3,800	1,579,051

3.2. Estate Assets

No further Estate Assets have been identified or realised in the Period.

3.3. Estate Liabilities

3.3.1. Secured Creditors

There were no outstanding charges granted by the LLP at the date of the appointment of the JSAs and, accordingly, there are no Secured Creditors in the Special Administration.

3.3.2. Preferential Creditors

Preferential Creditors are represented by claims for unpaid wages earned in the four months prior the Special Administration of up to £800, and holiday pay and unpaid pension contributions in certain circumstances. The JSAs retained ERA Solutions Limited, a specialist consultancy, to assist with the claims of the LLP's former employees.

As previously reported, subsequent to the appointment of the JSAs, 22 of the LLP's employees were made redundant, resulting in the following estimated preferential claims:

Preferential claims	£
Former employees - arrears of wages and accrued holiday pay	5,324
Redundancy Payments Service - arrears of wages and accrued holiday pay	16,653
Total preferential claims	21,977

In addition, the employer and employee pension scheme deductions for March 2023, in the sum of £5,043, were not paid to the scheme and are expected to result in an additional preferential claim.

As detailed in the return to creditors section of the Report, it is estimated that there will be no distribution to Preferential Creditors.

3.3.3. Secondary Preferential Creditor

Where an LLP enters Special Administration on or after 1 December 2020, claims for unpaid VAT, PAYE deductions, Employee National Insurance Contributions (NICs) deductions, student loan repayment deductions and amounts withheld under the construction industry scheme represent Secondary Preferential Creditors.

Deductions in respect of PAYE and NIC for the month of March 2023, in the sum of £26,364, were not paid to HMRC. These are expected to result in a secondary preferential claim although, as previously reported, the claim may be mitigated by set-off of VAT refunds totalling £12,003.

As detailed in the return to creditors section of the Report, it is estimated that there will be no distribution to Secondary Preferential Creditors.

3.3.4. Prescribed Part

At the date of appointment, the LLP had no outstanding floating charge security and therefore the Prescribed Part will not apply in the Special Administration.

3.3.5. Unsecured Creditors

Unsecured Creditor claims are broadly split between:

- (i) Client shortfall claims, which may arise from any shortfall in Client Money or Custody Assets; and
- (ii) Unsecured creditors, which include the claims of Trade Creditors, and employees' non-preferential claims (to include the subrogated claim of the Redundancy Payments Service).

Based on the information presently available, unsecured claims from Trade Creditors (i.e. category (ii) above) may total £7,832,961. To date, the JSAs have received claims from Trade Creditors totalling £2,707,972.

Total Client shortfall claims in respect of Client Money and Custody Assets (i.e. category (i) above) are £81,010,475. Whilst the FSCS has confirmed that compensation will be available for eligible Clients, thereby reducing Client Assets shortfall claims, it will, however, have a subrogated unsecured claim in respect of any compensated Clients. The total shortfall has, however, been reduced by the Voluntary Payment of £6,281,757.

At the current time, therefore, the JSAs estimate that the value of the claims of the LLP's Unsecured Creditors may total £82,561,679.

4. INVESTIGATIONS

As previously reported, the JSAs have complied with their reporting duties to the Department for Business and Trade in relation to the conduct of all Designated Members (and any de facto or shadow Designated Members) during the three years before the commencement of the Special Administration.

The JSAs have previously undertaken other specific enquiries and investigations in relation to the LLP and its affairs. For reasons of legal professional privilege and to avoid any prejudice in relation to any claims that the JSAs may identify against any third parties, the JSAs are unable to provide any further information in relation to those enquiries at this time. This is normal market practice and in the best interests of Clients and Creditors.

Should any Clients or Creditors have any information relating to the affairs of the LLP and/or its Designated Members that might assist the JSAs with their investigations, they are requested to provide that information to the JSAs as soon as possible.

In its judgment of 28 November 2024, the Court determined that it was not appropriate for the Costs Contribution Reserve to include a provision for the costs of potential future investigations and/or litigation to recover shortfalls in the LLP's holdings of Client Assets, and that the JSAs are under no obligation to pursue such investigations and/or litigation as part of achieving Objective One of the Special Administration (unless they are put in funds to do so).

As matters stand, the JSAs have not received any external or third-party funding to take steps to recover shortfalls in the LLP's holdings of Client Assets. Accordingly, the JSAs have been required to pause their ongoing investigations as they are unable to incur costs without a means of funding them.

The JSAs also continue to consider the availability of any claims to the LLP or the JSAs for the benefit of the LLP's estate (which includes any shortfalls due to Clients which automatically rank as Unsecured Creditors).

5. REMUNERATION AND EXPENSES OF THE SPECIAL ADMINISTRATION

5.1. Pre-Special Administration costs

The Proposals detailed unpaid pre-Special Administration costs and expenses totalling £193,973 (plus VAT). Approval for these costs to be drawn by the JSAs (subject to Estate Assets realisations being sufficient) will be sought from the Committee (or general body of creditors as appropriate) in due course.

5.2. JSAs' remuneration

5.2.1. Bases of the JSAs' remuneration

Pursuant to Rule 196 of the Rules, the basis of the JSAs' remuneration may be fixed:

- (i) as a percentage of the value of the property with which the JSAs have to deal;
- (ii) by reference to the time properly given by the insolvency practitioners (as JSAs) and their staff in attending to matters arising in the Special Administration;
- (iii) as a set amount; or
- (iv) as a combination of any one or more of the bases set out above.

As noted below, the JSAs have sought to fix their remuneration in this matter by reference to the time properly spent in attending to matters in the Special Administration.

5.2.2. JSAs' time costs

The table below sets out the time costs incurred by the JSAs and their team in the Special Administration from the date of their appointment to 5 October 2025:

Type of cost	Hours	Time costs £	Av. Rate £
Objective One Costs	18,308.20	7,990,575.32	436.45
Objective Two and Three Costs	2,703.21	1,113,936.29	412.08
Total	21,011.40	9,104,511.61	433.31

A detailed report of the time incurred by the JSAs, and a narrative of the work undertaken during the Period, is attached at Appendix D.

5.2.3. JSAs' expenses

The JSAs have incurred expenses totalling £6,166,062 (plus VAT) from the date of their appointment up to 5 October 2025, £3,896,667 (plus VAT) of which relate to legal fees and expenses (excluding pre-appointment costs). The expenses are apportioned as follows:

Type of Expense	Expenses Incurred £
Objective One Expenses	5,507,561
Objective Two and Three Expenses	658,501
Total	6,166,062

A schedule of all costs and expenses incurred by the JSAs can be found at Appendix E.

5.2.4. Approval of pre-Special Administration costs, JSAs' remuneration and category 2 expenses

The costs incurred in respect of the pursuit of Objective One will be applied against and paid out of Client Assets (albeit FSCS compensation is expected to be available for eligible Clients so that the majority of Clients will not bear these deductions). In any event, the Objective One costs incurred in relation to the return of Client Assets under the Distribution Plan will be limited to the Costs Contribution Reserve.

The costs incurred in pursuit of Objectives Two and Three will be applied against and paid out of (as far as possible), Estate Assets.

In accordance with the Rules the Committee or, when the Committee becomes inquorate, the general body of Clients and/or Creditors, is responsible for approving the JSAs' remuneration.

To date, the Committee has approved the costs incurred by the JSAs in respect of the pursuit of Objective One up to 5 April 2024 totalling £3,201,937 (excluding VAT), which have been paid in full.

Following the second anniversary of the Special Administration, the JSAs sought approval from the Committee for their Objective One remuneration for work undertaken in the period (i.e. for the period 6 April 2024 to 5 April 2025). However, the Committee was inquorate.

In accordance with the Rules, if a Committee is inquorate, Clients are responsible for approving the JSAs' Objective One remuneration.

Accordingly, on 8 October 2025 the JSAs issued a remuneration report seeking Clients' approval for the Objective One remuneration and expenses for the second year of the Special Administration. Clients who have not assigned their rights to the FSCS were entitled (but not obliged) to vote (albeit Clients' rights are automatically assigned to the FSCS when accepting compensation, upon the FSCS becoming subrogated to such Clients' claims; only those Clients who are not eligible for, or who have chosen not to accept, FSCS compensation were therefore able to vote).

Following the closure of the decision procedure on 24 October 2025, the JSAs' Objective One remuneration and expenses were approved by the requisite majority of Clients voting in favour of the proposed resolutions.

6. DURATION OF AND EXIT FROM THE SPECIAL ADMINISTRATION

6.1. Duration of the Special Administration

A Special Administration under the Regulations is different to an ordinary administration under the Act as it does not automatically come to an end after 12 months.

The Special Administration will continue until the JSAs consider that the Objectives have been met and, at that point, the JSAs will conclude the Special Administration by:

- (i) putting forward proposals for a Voluntary Arrangement with a view to rescuing the LLP as a going concern; or
- (ii) making an application to Court and seeking any order necessary (which could include seeking an order to place the LLP into liquidation); or
- (iii) filing a notice with the Court and Registrar of Companies for the LLP's dissolution.

At the current time, the JSAs remain unable to provide an indication of the likely timeframe for achieving the Objectives, and therefore the likely duration of the Special Administration. Clients and Creditors will receive updates on the JSAs' progress in achieving the Objectives as the Special Administration progresses.

The JSAs are also presently unable to confirm the appropriate exit route from the Special Administration. However, as the prospect of a rescue of the LLP as a going concern is considered, at best, remote, it is unlikely that the exit will be via a Voluntary Arrangement. Further information on the likely exit route will be provided to Clients and Creditors as the Special Administration progresses.

6.2. JSAs' discharge from liability

It is proposed that the JSAs be discharged from liability on application to the Court.

APPENDIX B

CLIENTS' AND CREDITORS' RIGHTS

Within 21 days of receipt of the report: (1) a Secured Creditor; (2) an Unsecured Creditor with the concurrence of at least 5% in value (including the creditor in question) of the Unsecured Creditors; (3) a Client with the concurrence of Clients claiming for at least 5% in value of the Client Assets (including the Client in question); or (4) any Unsecured Creditor applying within such period, with the permission of the Court, may request in writing that the JSAs provide further information about their remuneration or expenses which are itemised in the Report (other than pre-Special Administration costs).

Within 14 days of receipt of the request, the JSAs must provide all of the information asked for, unless they think that:

- the time or cost in preparing the information would be excessive; or
- disclosure of the information would be prejudicial to the conduct of the Special Administration or might reasonably be expected to lead to violence against any person; or
- the JSAs are subject to confidentiality obligations in respect of the information.

The JSAs must give reasons for not providing all of the requested information.

The following persons: (1) any Secured Creditor; (2) any Unsecured Creditor with either the concurrence of at least 10% in value of the Unsecured Creditors or the permission of the Court; (3) any Client with the concurrence of Clients representing at least 10% of the total claims in respect of Client Assets held by the LLP or with the permission of the Court; or (4) the FCA, may, within eight weeks of receipt of the Report, make an application to Court that the basis fixed for the JSAs' remuneration, the remuneration charged, or the expenses incurred by the JSAs, as set out in the Report, are excessive (or, in the case of the basis fixed, inappropriate).

JOINT SPECIAL ADMINISTRATORS' EXPENSES

Category 1 expenses are expenses relating directly to the case incurred by an independent third party. In addition to professional fees and expenses, other expenses may include items such as bonding, advertising, insurance, external printing costs, couriers, travel, land registry searches, fees in respect of swearing legal documents and storage of the LLP's records. Printing and postage of circulars may be subcontracted to external printers who have the capacity to deal with large circulars to a volume of creditors in a timely manner. Client/Creditor approval is not required to pay these expenses which will be charged to the case at cost.

Category 2 expenses are expenses that have been incurred by an associated party or which have an element of shared costs. Client/Creditor approval is required to pay category 2 expenses.
